ProGolf Health

Tuesday, December 06, 2005

I have been working with elite professional golfers at 25 tournaments worldwide for the past 8 years providing health care services and management. During this period I have used "Eze", "All Black & Blue" and "Massage" Nemidon Gels exclusively and by choice. I have found that these gels not only are the best quality of soft tissue therapy products on the market but offer a perfect therapeutic range to deal with most soft tissue injuries.

I have used with great success the Nemidon Gels on my clients over the years and such clients have included Michael Campbell, Nick Faldo, Davis Love III, Padraig Harrington, Ian Woosnam, Thomas Bjorn and many others.

I highly recommend Nemidon's range of products and would not hesitate in suggesting that any practitioner and patients alike try these Gels for themselves. I am sure that they will not be disappointed.

Regards,

Dr Dale Richardson
